§ II · OFFER

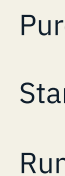

03 / 08

What we do

We do all the outreach for you - finding the right operators, writing the emails, handling the replies - and book the meetings on your calendar. Four stages:

PHASE 01

Weeks 1-2

Setup & infrastructure

Get the engine ready to send.

- Purchase the domains and mailboxes you'll send from
- Stand up the deliverability stack
- Run a warmup so inboxes land in primary, not spam
- Hand you an infrastructure ready to send at volume

PHASE 02

Weeks 1-2

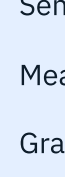

Partner Match Report

Qualify and narrow until the audience is unmistakably yours.

- Define your ideal buyer
- Categorize best-fit clients
- Hand you the top 50 best-suited operators
- You approve the shortlist before we launch the full campaign

PHASE 03

Weeks 3-6

Finding the best angle

Send slowly, learn fast, then scale what works.

- Build 3-5 message angles for your offer
- Send them against the top operators we pick
- Measure reply quality, not just open rates
- Gradually increase volume on the angle that wins

PHASE 04

Week 7 onward

Scale & qualifying calls

Volume up. Real conversations on your calendar.

- Roll the winning angle out to the full matched audience
- Replies handled instantly in your voice and tone
- Booking + reminder sequence so meetings actually happen
- Retarget leads every 3 months

§ V · PRICING

06 / 08

Pricing

MONTHLY RETAINER

Covers infrastructure - domains, mailboxes, deliverability

\$750 / month

PER BOOKED MEETING

Paid only when the meeting happens

\$150 / meeting

SETUP FEE

No upfront commitment

None

TRANSPARENCY · COST & MARGIN

The \$750/mo covers our infrastructure cost. We make our margin on the \$150 per booked meeting, which means we only earn when you do.

QUALITY GUARDRAIL

Billable meetings = operators inside the approved match shape. We don't bill for anyone outside the agreed profile.

3-CALL WALKAWAY

Your first three meetings are your test drive.

If the quality isn't there, you keep the Partner Match Report and the sample asset, and walk - no contract, no further charge.

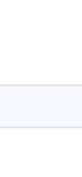

For context: trade shows and partnership trials run \$15K-\$40K with no guarantee of fit. The pilot is < 5% of that, with destination exclusivity included.

§ VI · WHY US

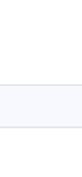

07 / 08

Why this fits Discover Montenegro

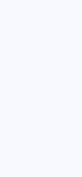

PEER · NOT VENDOR

Technical co-founder of Balkan Wanders, a luxury DMC. The engine on this page was built from inside a DMC - not bolted on from a marketing agency.

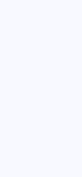

NATIVE TO THIS STACK

Matching, personalisation, and instant replies. We scale from 50 to thousands without losing quality.

EXCLUSIVITY

While you're a client, no competing Montenegro luxury DMC gets this engine.

EASY OUT

Worst case: you keep the Partner Match Report with 50 approved leads and 3 free sales calls.

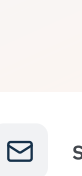

STACKLEAPS · PROPOSAL

§ VI · SAMPLE

07 / 08

Sample List

Three operators from a working sample built for Discover Montenegro - boutique luxury tour operators and high-end travel advisors already selling Adriatic / Mediterranean itineraries.
