

StackLeaps × Tiernan Travel

60 days. Done-for-you outreach and booked introductions with the US advisors and operators who should be sending their clients to you for the UK & Ireland.

Where you stand

What you already have

- A luxury, fully-bespoke product for the UK & Ireland
- American clients who stay with you once they're in
- Steady ~18% organic growth from SEO, referrals and word of mouth
- A reputation strong enough to skip trade fairs for 18 months

The opportunity

We put you in front of US travel advisors, host agencies and tour operators actively looking for a UK & Ireland DMC - the same people you'd meet at a trade fair, without the ~\$20k and the flights.

A predictable channel you can finally benchmark against the fairs - turn up for 2027, down whenever you're full.

What we do

We do all the outreach for you - finding the right advisors and operators, writing the emails, handling the replies - and book the introductions on your calendar. Four stages:

PHASE 01

Weeks 1-2

Setup & infrastructure

Get the engine ready to send.

- Purchase the domains and mailboxes you'll send from
- Stand up the deliverability stack
- Run a warmup so inboxes land in primary, not spam
- Hand you an infrastructure ready to send at volume

PHASE 02

Weeks 1-2

Partner Match Report

Qualify and narrow until the audience is unmistakably yours.

- Define your ideal buyer - luxury, UK & Ireland, American clients
- Seed it from the two lists you sent - find the current decision-makers behind them
- Hand you the top 50 best-fit advisors and operators
- You approve the shortlist before we launch the full campaign

PHASE 03

Weeks 3-6

Finding the best angle

Send slowly, learn fast, then scale what works.

- Build 3-5 message angles for your offer
- Send them against the top advisors we pick
- Measure reply quality, not just open rates
- Gradually increase volume on the angle that wins

PHASE 04

Week 7 onward

Scale & qualifying calls

Volume up. Real conversations on your calendar.

- Roll the winning angle out to the full matched audience
- Replies handled instantly in your voice and tone
- Booking + reminder sequence so meetings actually happen
- Retarget leads every 3 months

Inclusion / Exclusion

INCLUDED	NOT INCLUDED
• Partner Match Report - 50-contact sample seeded from your two lists, your approval before launch • Personalised outreach to US advisors & operators selling UK / Ireland • Email infrastructure - domains, inboxes, warmup, deliverability • Replies in your voice and tone • Booking + reminder sequences • Exclusivity - no competing UK & Ireland luxury DMC gets this engine	• The introductory call itself - you take it • Post-call follow-up • Website / brand / pricing work • New markets you don't want - we stay on UK & Ireland for US clients • Partnership / equity / revenue-share - open to revisit later

Process & timeline

Targeting 2027? Start now. Luxury planning cycles run months, so outreach today is what fills next season's calendar.

WEEK 1	Kickoff. Voice + offer scoping. Partner Match Report drafted from your two lists. Sample asset drafted.
WEEK 1-2	Infrastructure warm. Match shape approved. Domains warmed. Mailboxes set up. Your sign-off before launch.
WEEK 3-6	First batch sent. Testing what resonates. Learning phase - see what works.
WEEK 7-8	Best angle scales. First introductions booked. Real conversations land on your calendar.

DAY 60

Target: 3 booked introductions. Monthly cadence set from here.

Pricing

MONTHLY RETAINER	\$750 / month
Covers infrastructure - domains, mailboxes, deliverability	
PER BOOKED MEETING	\$150 / meeting
Paid only when the meeting happens	
SETUP FEE	None
No upfront commitment	

TRANSPARENCY · COST & MARGIN	QUALITY GUARDRAIL
The \$750/mo covers our infrastructure cost. We make our margin on the \$150 per booked meeting, which means we only earn when you do.	Billable meetings = advisors and operators inside the approved match shape. We don't bill for anyone outside the agreed profile.

3-CALL WALKAWAY

Your first three introductions are your test drive.

If the quality isn't there, you keep the Partner Match Report and the sample asset, and walk - no contract, no further charge.

For context: a single trade fair runs ~\$20K in stand, travel and time - with no guarantee of a single fit. The pilot is a fraction of that, with UK & Ireland exclusivity included.

Why this fits Tiernan Travel

PEER · NOT VENDOR Technical co-founder of Balkan Wanders, a luxury DMC. The engine on this page was built from inside a DMC - not bolted on from a marketing agency.	NATIVE TO THIS STACK Matching, personalisation, and instant replies. We scale from 50 to thousands without losing quality.
EXCLUSIVITY While you're a client, no competing UK & Ireland luxury DMC gets this engine.	EASY OUT Worst case: you keep the Partner Match Report with 50 approved leads and 3 free introductions.

Next step

A 20-minute call to confirm voice, what your ideal advisor looks like, and how we narrow the two lists you sent into a shortlist. If aligned, onboarding starts the same week.
